 **JUNIOR LEAGUE OF  
SPRINGFIELD, MO**

Ashley French, President

Being given the ability to serve, is one of the highest privileges a human being can be given. What you give, will be returned to you in many ways. The Junior League is built on the selfless acts of women who knew they wanted to serve, and just needed to get organized. Nearly 60 years later that drive to serve is still alive in the Junior League of Springfield.

This past year we as a League saw tremendous individual success from our members as well as significant events that surpassed budget, broke attendance records and changed lives of women within our community.

When we as a League look back at our year, I hope all of our members can reflect back and feel a strong sense of accomplishment and felt their time they gave was valued and appreciated. The role as a League member can be challenging at times. There are long nights away from our loved ones, hundreds of emails, and an added layer of stress that we may not be accustomed to.

But nothing worth doing is ever easy. I admire every woman who sacrificed for the League this past year. And those that have prior and will continue to do so. The experience I was granted this past year to serve as President, was one

of the most meaningful experiences in my life. One that will not be forgotten and one that I will continue to be grateful for.

Our membership base is a group of incredibly talented, gifted women. I wish for all of our members to embrace every leadership opportunity they will be given. When that happens, communities change and we change.

Through this Annual Report I hope the hard work of many is evident. This was one chapter in our story. The future chapters these Junior League trained women will write, will have a substantial impact in our history. In that, I have no doubt.

In Service & Gratitude,

A handwritten signature in black ink, appearing to read 'Ashley French', written in a cursive style.
